

# Texas Providers Webinar Highlights – October 12, 2021

Read below for topics covered or view the [full video](#) for detailed information.

## COVID-19 Vaccine Updates

- Reminder: The FDA has scheduled the following meetings with its Vaccines and Related Biological Products Advisory Committee:
  - October 14, 2021: **Moderna COVID-19 Vaccine Boosters**
    - Moderna COVID-19 vaccine has submitted **50 mcg as a booster dose** (versus 100 mcg dose for the primary series)
  - October 15, 2021: **Janssen COVID-19 Vaccine Boosters**
  - October 26, 2021: **Pfizer COVID-19 vaccine for 5-11 years of age**
    - Pfizer COVID-19 vaccine dose for **5-11 years of age is 10 mcg** (versus 30 mcg for >12 yrs), two-doses given 21 days apart

## Immtrac2: The Texas Immunization Registry Reporting Reminders

- Immtrac2, Texas' immunization registry, consolidates and stores vaccine records from a variety of sources. Each client's immunization information is **stored in one electronic record**.
- All COVID-19 vaccine doses must be entered into Immtrac2**; there is no difference in the reporting processes for first, second, additional, and booster doses.

## A Word from the VacShipments Team

- When asked to input their **inventory/vaccine record**, providers can use either a **VI Number or Lot ID**.
  - Vaccine Item Number** is a VAOS record that is used to track a facility's vaccines. A facility's VI Number can be found under the *accounts page*. The **Lot ID** is a manufacturer's ID that can be found on *the vaccine carton* or by finding the Lot ID associated with a *vaccine item number*.
- When creating a transfer request, the **"CMO Title"** and **"License Number"** should be the transferring facility's CMO information, not the receiving facility's CMO information.
- Providers must place a **separate order request for each COVID-19 vaccine presentation** they wish to order.

## Provider Resources:

- [COVID-19 Vaccine Management Resources \(training and support materials\)](#)
- [ImmTrac2 User Training Site](#)
- [ImmTrac2 Forms and Documents](#)

- [CDC Clinical Considerations for or Use of mRNA COVID-19 Vaccines](#)
- DSHS Provider Help Desk: (833) 832-7068, 8 a.m. to 5 p.m., Monday through Friday; Email: [COVID19VacEnroll@dshs.texas.gov](mailto:COVID19VacEnroll@dshs.texas.gov)

## Session Live Q&A:

- Can one individual be on the COVID-19 vaccine account (HHS Login) and a separate person have a login for TVFC & ASN or do they need to be the same Primary and Back Up persons?
- If an international patient comes into our facility without a vaccine record card and says they received the 1st dose of the COVID-19 vaccine in their country and need the 2nd dose, should we administer a dose of COVID-19 vaccine?
- Are there any plans to have a QR code "vaccine passport" to serve as proof of vaccination at airports?
